## BANK ROBBED.

The President's Wife Compelled to Hand Over \$10,500.

The Robbery Believed to Be the Work of the Dalton Gang.

Hundreds of Citizens on Horseback and in Vehicles, With Ropes, and Fully Armed, in Pursuit—The Robbers Have Fifteen Minutes Start.

EL RENO, O. T., July 28.—El Reno was thrown into a fever of excitement at 10:30 Wednesday morning by screams for help coming from the bank of El Reno. The screams were from Mrs. S. W. Sawyer, wife of the president of the bank, who had just been held up by two robbers, who had also robbed the bank of \$10,500.

At half-past 10 a stranger entered the bank, stepped up to the cashier's window, and made an inquiry about some town lots, and then stepped to a desk and commenced writing. In a moment another stranger stepped to the cashier's desk, and presenting a gun at Mrs. Sawyer's head, demanded that she hand out all the money in the bank. She stepped to the vault, and handed him all the packages of bills in the vault safe, and what was in the daily change drawer, aggregating about \$10,500.

The man who was writing at the desk grabbed the money as Mrs. Sawyer handed it through the wicket, and disappeared out the door. The one holding the gun followed quickly. Mrs. Sawyer screamed several times and fell over in a swoon. The robbers mounted horses and rode away. Mrs. Sawyer was the only person in the bank, the president, her husband, being absent in Oklahoma City. He arrived at home about thirty minutes after the robbery.

The robbery is believed to be the work of the Daltons, on account of the manner of its execution. Hundreds of citizens, on horseback and in buggies, with ropes and fully armed, are in pursuit. The robbers had only about fifteen minutes' start. They were well mounted and armed to the teeth. They headed for the Dalton rendezvous, in the Granite mountains, in the Wichita reservation.
